RE: Agenda No. - 1

Item- San Francisco-Oakland Bay Bridge Addendum No. 5 Request
Yerba Buena Island Transition Structure No. 2

Recommendation:

APPROVAL

Cost:

N/A

Schedule Impacts:

N/A

Discussion:

This item requests approval for YBITS2 Addendum No. 5.

Addendum No. 5

The items in this addendum request are described below. There are five separate items that affect approximately three plan sheets and revisions to specifications.

The elements of this addendum are:

1. Design specification changes for the detour viaduct and the east tie-in regarding the steel truss removal. Revise "General Plan" sheets (2 sheets) for the Detour Viaduct and ETI to require use of the AASHTO Manual for Bridge Evaluation and working stress design in analyzing the existing truss to avoid potential conflicts in construction.
2. Revise Submittals With Bid special provision to waive the requirements for submittal of engineer's resume with the bid, if pre-qualified.
3. A specification change addressing bidder's inquiry #87 with respect to the engineer certification requirement pertaining to lead removal. The requirement does not apply. Revise the Bridge Removal, Portion (Cantilever Truss) special provision to delete the listing for submittal of lead removal methods. Revise the Bridge Removal, Portion (Cantilever

Truss) special provision to clarify the role of Contractor's engineer during truss demolition.

4. Live load impact clarification regarding cranes. Revise note 9 on "Index to Plans" sheet to clarify the application of crane live load impact factors to eliminate confusion. Revise Note 11 on the same sheet to clarify construction live loading to address bidder inquiry 96.
5. Bid Book Page Number Revision - Revise Addendum #4 Bid Book page numbers to address bidder inquiry #90.

Schedule background:

Advertisement date – 4/9/12

Mandatory pre-bid meeting – 6/14/12

Bid opening – 9/25/12

First working day – 2/2/13
